Competencies in Detail

Managing my Job

Analytical Ability

Relating and comparing data from different sources, identifying issues, securing relevant information, identifying relationships, interpreting data meaningfully to determine the source of a problem.

Problem solving

The capacity to analyse situations, diagnose problems, identify the key issues, establish and evaluate alternative courses of action and produce a logical, practical and acceptable solution.

Project Management

Ability to provide oversight for project(s) and all related activities in that setting to include quality assurance and safety. Ability to coordinate and manage facilities, equipment, supplies and related resources as necessary for the project. Ability to monitor environmental risks, if any and quality control. Ability to establish a set of tasks and activities associated with an intended outcome and timeline. Ability to ensure actions are performed and/or implemented to achieve the results of the project.

Managing Others

Approachability

Treats others with consideration, sensitivity, and respect. Considers and responds appropriately to the needs, feelings, sensitivities of different people in different situations. Easily builds rapport and listens well.

Influencing skills

Ability to persuasively present ideas to gain commitment from others, win concessions without damaging relationships, and influence, motivate and persuade others to change their priorities.

Leadership

Shows initiative, effort, and commitment in carrying out the organisation's mission; inspires, motivates, and guides others toward goal achievement; enables others by sharing power, authority, and information; acts in a proactive and results-oriented manner.

Managing Myself

Accountability

Accepts full responsibility for self and contribution as a team member; displays honesty and truthfulness; confronts problems quickly; displays a strong commitment to organisational success and inspires others to commit to goals; Presents self as a credible representative of the organisation or maintains the stakeholder's trust.

Continuous Learner

Demonstrates a commitment to ongoing development by proactively seeking opportunities to develop new capabilities, skills, and knowledge; acquires the skills needed to continually enhance his/her contribution to the organisation and to his/her respective profession.

Integrity

Having integrity. Keeping your word and following through on your commitments. Communicating and acting in an open and honest manner. Being guided by principles of fairness, firmness, and reliability; fairness is the consistency in doing what you say you will do; firmness is in establishing the limits of acceptable behaviour; reliability is attempting to address the concerns presented to you.
